RE: Timetable and Reminders for Closing Fiscal Year 2019

As we approach the end of the fiscal year, careful planning will be required in order to prevent overdrafts in State Appropriated expense accounts and to close all accounts for the fiscal year on a timely and efficient basis. To assist with planning, we have prepared the following list of due dates and reminders.

1. PAYROLL SCHEDULE FOR THE JUNE & JULY 2019 BIWEEKLY PAYROLL

   a) The biweekly payroll for the period Sunday, June 2, 2019 through Saturday, June 15, 2019 due to be received in the Payroll Office no later than 5:00 PM Tuesday, June 18, 2019 will be charged against FY19 in the June (period 12) accounting period. The payroll checks for the above period will be dated and issued June 25, 2019. Please submit ETRs as soon as possible to help the Payroll Office facilitate this process.

   b) The biweekly payroll for the period Sunday, June 16, 2019 through Saturday, June 29, 2019 due to be received in the Payroll Office no later than 5:00 p.m. Monday, July 1, 2019 will be charged against FY20 in the July (period 1) accounting period. The payroll checks for this pay period will be dated and issued July 9, 2019 and will be accrued centrally for financial reporting purposes.

   c) The biweekly payroll for the period Sunday, June 30, 2019 through Saturday, July 13, 2019 due to be received in the Payroll Office no later than 5:00 p.m. Tuesday, July 16, 2019 will be charged against FY20 in the July (period 1) accounting period. The payroll checks for this pay period will be dated and issued July 23, 2019. The payroll amounts for June 30, 2019 will not be accrued centrally for financial reporting purposes due to immateriality.

   d) All retroactive Accounting-Only Change of Status forms must be complete through workflow by 5:00 p.m. Monday, June 24, 2019 for HR staff to complete the entries through PayCV or the ONESALARY/ONEFRINGE journals to post for regular June close reports.

Questions may be directed to Dan Schropp (335-2382 or daniel-schropp@uiowa.edu).
2. SERVICE CENTERS - JUNE CHARGES
   a) General Stores: Will include orders made through the PReq catalogue or eBuy by 4:00pm on June 30 and all special orders by June 14.
   b) Printing Service and Document Services: Will include charges through 4:00pm on June 28.
   c) ITS – Charges for Telecommunications, Software, Servers, Storage, Web & Application Development and Other Services: Will include charges through June 24.
   d) Facilities Management: Will include charges through June 30.
   e) Planning, Design & Construction labor charges will be included through June 30.
   f) Fleet Services: Will include charges through 6:00pm on June 28.
   g) Other: Will include charges through June 30, whenever possible.

3. PURCHASING
   a) Orders to vendors outside the University to charge to FY19 budgets must be received at the Purchasing Department by 4:30 p.m., June 14, 2019. Requisitions received after that date may be held and charged to the budget for FY20.

   Please submit requisitions $50,000 and greater well in advance of June 14 to assure the processing of competitive bids and approval of requisitions before the end of the fiscal year. All requisitions received after June 14 should identify the fiscal year to be charged, and those requisitions identified as FY19 will be processed and encumbered, time permitting. Those requisitions identified as FY20 are held until after July 1, 2019 for processing. Requisitions without notations are worked as time permits and could be delayed until FY20. Notation on PReqs should be made on the Internal Comments section.

   Adherence to these procedures is necessary to allow sufficient time before the close of the fiscal year on June 30 to complete the following purchasing functions: Secure quotations or bids, determine the best source of supply, and process the purchase orders for items to be encumbered to current fiscal year budgets.

   b) Departments using the PReqs application should be aware that any requisition entered and approved under $10,000 are encumbered if received and approved on or before June 30, 2019. To prevent this, the final departmental approval must occur after June 30, 2019.

**Questions concerning these dates may be directed to the Purchasing Department, Renee Funk at 5-0382 or renee-funk@uiowa.edu.**
Accounting & Financial Reporting

Items encumbered against the current fiscal year budgets will have a balance forward to fund the encumbrance in the next fiscal year if one of the following conditions are met:

1. the ending free balance of the WhoKey is greater than or equal to zero or the ending free balance is a deficit that is equal to the encumbrance amount, and the WhoKey does not close-out to another WhoKey;

2. the WhoKey closes out to another WhoKey using the Budget Close-out (valid only for Funds 050 and between 230-239), and the balance-option is blank, which includes encumbrances in the calculation of the amount to close-out, and the move-option is blank, which moves a surplus or deficit balance.

Attention Org 05 & 46 Administrators: You will receive a separate communication from Selina Martin to remind you of the special close-out rules for Orgs 05 & 46 appropriated funds (we will follow the same rules as last year).

Questions on the close-out status of a WhoKey or the close-out process may be directed to Shelly Michel in Accounting & Financial Reporting (335-0195 or shelly-michel@uiowa.edu). WhoKey Budget & Balance Close-out worksheet are emailed to campus by ~ May 3rd. All updates are due back to Dianne Plummer in Accounting & Financial Reporting by Friday, May 31.

4. ENCUMBRANCES
   a) Correcting journal entries for encumbrances will be processed by Accounting & Financial Reporting only for errors that occur during the June accounting period and are on appropriated funds (050-060, 187-239). Requests for corrections to encumbrance amounts that meet the criteria above (i.e., only for new charges in June) must be sent to Carolyn Gritton no later than 4:00pm on July 9th, 2019.

   Encumbrances are produced from Purchasing (POs and eBuy), Payroll, and Facilities Management. If encumbrance amounts are not accurate for transactions posted prior to June, you are responsible for working with the source of the transaction to make the correction; otherwise, the encumbrance amount will remain on the accounting statement through the fiscal year close and will need to be corrected in the next fiscal year.

   To remove encumbrances related to Purchase Orders and eBuy transactions please contact the appropriate Purchasing Agent by 4:30 PM June 26, 2019.

b) For state appropriated accounts, funds carried forward for the prior year’s encumbrances are subject to reversion if not expended for those items ordered.

c) Accounting & Financial Reporting will remove blanket order encumbrance transactions from the regular June Close (period 12) Transaction Detail Reports (TDR) for fiscal year-end reporting purposes only. These transactions are re-posted to the July TDR’s (period 1 of FY20).
d) For additional information to take into consideration for encumbrance recording impacting fiscal year closing, please review the Encumbrance Recording and Review for Closing Fiscal Year 2019 Guidelines.

5. ACCOUNTS PAYABLE AND TRAVEL

a) **eVouchers**: All eVouchers, payable to outside vendors, must be completed through workflow and all documentation submitted to Accounts Payable and Travel, 202 PCO, no later than **4:30 p.m., June 27, 2019** to be processed in FY19. Vouchers processed through June 27, 2019 will have checks issued with a date of June 28, 2019.

Questions concerning these dates may be directed to the Accounts Payable and Travel Department, Dani Weber at 353-2503 or danielle-f-weber@uiowa.edu.

b) **ProTrav Travel Vouchers**: Travel Expense vouchers to record in FY19 for travel completed prior to June 1 should be in the Accounts Payable and Travel Department by June 6; this includes eVouchers for travel. Please keep in mind that it takes several days for a voucher to move through all the channels of approval and arrive for processing. Therefore, for travel already ended, this process should be started immediately. For travel ending after June 1, the voucher should be submitted immediately upon return if it is to be processed this fiscal year. Unless travel is occurring in the last week of June, all vouchers that must be processed this fiscal year should be in the Accounts Payable and Travel Office no later than June 14. For travel occurring after June 14, all vouchers that must be processed for this fiscal year must be complete through workflow and all required documentation submitted to the Accounts Payable and Travel Department no later than **4:30 p.m., June 27, 2019**.

Questions concerning these dates may be directed to Dani Weber at 353-2503 or danielle-f-weber@uiowa.edu.

c) **Procurement Card Vouchers**: The June billing cycle has been modified in order to accommodate fiscal year spending.

Modified billing cycles:

- **June billing cycle**: May 27, 2019 – June 14, 2019
- **July billing cycle**: June 15, 2019 – July 26, 2019

Procurement card transactions that have a **POST** date on or before June 14, 2019 are processed in FY19. **Note**: Post date is often days later than the actual transaction date. It’s the department/cardholder’s responsibility to be sure they are monitoring their account to be sure transactions that need to post to this current fiscal year appear on their Procurement Card Statement on or before June 14, 2019.

June Procurement Card Vouchers **complete (approved through workflow)** by June 27, 2019 will post to the Master File Keys (MFKs) listed on the voucher.

Procurement Card Vouchers **not complete** (still in workflow or voucher not reconciled) by June 30, 2019 will post to the cardholders’ “default” account. The default entry can be reversed up until July 10,
2019 once the voucher has been approved in workflow and approved by the Accounts Payable Department.

In order to accommodate year-end posting during the July 1, 2019 – July 10, 2019 timeframe, the following journal ids will truncate with an alpha character.

- 1PCRDFLT00 (Procurement Card Voucher default) will post as 1PCRDFLT0A, 1PCRDFLT0B accordingly.
- 1PCRDREV00 (Default reversals), will post as 1PCRDREV0A, 1PCRDREV0B accordingly.
- 1WEPCARD1 (Regular Procurement Card Voucher) will post as 1WEBPCARDA, 1WEBPCARDB accordingly.

Questions may be directed to Dani Weber at 353-2503 or danielle-f-weber@uiowa.edu or deborah-zumbach@uiowa.edu.

6. ACCOUNTING & FINANCIAL REPORTING
   a) **GL Journal Entry (GLJE) journal entries must be submitted by 6:30 p.m. June 30 (normal cutoff).** The application is offline after that and will be available on Monday, July 1 at 7 a.m. Beginning July 1, users can choose between FY19 Preliminary Close (period 13) and July FY20 (period 1) accounting period by selecting the appropriate button. The journal header will clearly indicate which period and fiscal year the journal has been created for. The application will default to a July date for entries created during the year end close timeframe.

   b) **WebCV and PayCV entries will be accepted until 6:30 p.m. June 30 (normal cutoff).** The applications are offline after that and will be available on Monday, July 1 at 7 a.m. Entries submitted between July 1 and July 11 will be posted to Preliminary Close.

   c) The **General Ledger Decision Support System (GLDSS) monthly data for June (period 12) is projected to be available July 2.** Distribution and availability of the Transaction Detail Reports (TDR), Grant Reports, Summary Reports and Dashboards in the EFR portal are projected to be available on July 2.

   d) **GLJE journal entries for Preliminary Close (period 13) must be submitted by 5:00 p.m. July 11 (*early cutoff).**

The Preliminary and Final Close periods are intended for posting corrections and finalizing the year-end. Entries representing new charges or activities for the fiscal year being closed should be posted prior to June
30th. Submission of new charges during preliminary and final close should not be made and can cause delays with the central close-out process. WebCV is the preferred mechanism for making non-salary expense and revenue transaction corrections, rather than the GLJE application due to the audit trail associated with WebCV transactions.

f) **GLDSS** monthly data for Preliminary Close (period 13) is projected to be available **July 12**. Distribution and availability of the Transaction Detail Reports (TDR), Grant Reports, Summary Reports and Dashboards in the EFR portal are projected to be available **on July 12**.

g) **GLJE journal entries for Final Close (period 14)** must be submitted by 5:00 p.m. **July 16** (*early cutoff*). The journal header will clearly indicate which period and fiscal year the journal has been created for. The application will default to a July date for entries created during the year-end close timeframe. *You must have approval from the appropriate Org Unit Administrative Office to submit Final Close entries.*

h) **WebCV and PayCV journal entries for Final Close (period 14)** must be submitted by 5:00 p.m. **July 16** (*early cutoff*). **NOTE:** If a PayCV Retroactive Cost Transfer Justification > 90 days form must be submitted to Grant Accounting or Accounting & Financial Reporting to complete the entries in FY19, those requests must be submitted by 4:30 p.m. **July 15**. Any entries submitted after that date will post to FY20.

i) **GLDSS** monthly data for Final Close (period 14) is projected to be available **July 23**. Distribution and availability of the Transaction Detail Reports (TDR), Grant Reports, Summary Reports and Dashboards in the EFR portal are projected to be available **on July 23**.

j) **GLDSS daily July FY20 online reports** are projected to include balance forward data from the roll-forward process on **July 24**.

k) **Transaction Detail Reports (TDR) and Grant Reports**: Fiscal year-end TDRs and Grant Reports for all periods will be available through the EFR portal in the Monthly TDR Inbox and Grant Inbox, based on various roles that have been established. In addition, these reports will be available through the Ad-Hoc version of each report in EFR. TDRs and Grant Reports will be created as follows:

- **Period 12** – TDRs and Grant Reports are exactly like the standard periods 1 – 11, i.e. period 12 transactions are included and all standard TDR functionality is available.
- **Period 13** – TDRs and Grant Reports include period 13 transactions. TDRs have WebCV functionality available but you must have WebCV period 14 security. **Comments and the reconciliation functionalities are NOT available so Account Reviewers will NOT reconcile Period 13 TDRs.**
• **Period 14** – TDRs and Grant Reports include transactions for both periods 13 & 14. All standard TDR functionality is available. Account Reviewers are required to reconcile period 14 TDRs, which include period 13 transactions.

   **l) EFR Summary Reports:** Each of the Fiscal year-end Summary Reports for all periods will be available through the EFR portal, based on the various access roles that have been established. The Transactions Report includes the specific periods selected when the report is run.

Web application questions for GLJE, WebCV and PayCV should be directed to AFR-ElecFinTrans@uiowa.edu.

GLDSS, TDR, Summary Reports and EFR portal questions should be directed to as-efr@uiowa.edu.
